Re: LightSquared Subsidiary, LLC
Ex Parte Communication. IB Docket No. 11-109
IBSF File No. SAT-MOD-20101118-00239

Ms. Dortch,

This letter is being sent to inform you of our disapproval of the license being requested by LightSquared. We are a small surveying company which has to rely heavily on GPS equipment to perform the jobs requested in today's land surveying business. It is not fair to us or our industry to ask us to change our equipment to conform to them and their needs. The latest test results from DOT and independent labs show that there is significant interference associated with the LightSquared system use of the bandwidths.

Again, please do not ignore the latest test results and allow LightSquared to go any further. Put a stop to this violation of GPS bandwidth for the health and safety of American small business.

Thank you,

David S. Youmans, RLS
Beaufort Surveying, Inc.
